

Coronavirus (COVID-19) Catch-up Premium 2020 - 2021

The government COVID-19 catch-up premium has been established to mitigate the effects of the unique disruption caused by coronavirus. The grant will only be available for the 2020-2021 academic year. Schools should use this funding for specific activities to support pupils to catch up for lost teaching time over the previous months. To support schools to make the best use of the funding, the EEF has published a support guide:

The catch up premium is funded on a per pupil basis at £80 per pupil. This will be based on the previous year's census.

St Edmund Campion Primary School will be in receipt of £32,796.

The school will allocate this money in line with Educational Endowment Tiered approach; teaching, targeted academic support and wider strategies.
