

# 17th March 2023 St Edmund Campion Newsletter

## Science Week

This week we have been celebrating British Science Week within school.

The theme this year is 'connections' so we have been exploring the connections we have with science in the wider world. We have had a range of visitors in school including some curators from Wollaton Hall, who provided some fascinating sessions to link with the children's learning.

They brought a wide array of artefacts including fossils, taxidermy and other interesting specimens which the children got to observe and handle

## Year 2 Assembly

Congratulations to Year 2 on an amazing assembly showcasing all of their fabulous work, they are certainly very talented children.

Their work about the history of nursing, Florence Nightingale and Mary Seale helped us to appreciate the significant changes they made to nursing. Their singing was fabulous, as was all their work across a very broad curriculum.

They had the power and they inspired us to use our talents to make the world a better place.

## School Meals Payments

### Aspens School Meals – Spring Term 2

Please be aware that the deadline for Aspens School Meals payments is **today, Friday 17th March 2023**. Please log onto your child's ParentPay account to make payment or contact the school office if you are intending to bring in either a cheque or cash payment.

## Bike Storage

Please note that there will be no provision for locking up bikes or scooters up at school until Tuesday the 21st of March.

This is due to internet work being done in the nearby ground and so the entire area will be blocked off.

Thank you for your understanding.

## Parking

Please could we remind parents that the road outside the school, Tewkesbury Close, is a through road and both schools require access to their gates at all times.

Please could you make sure that you do not block either sets of gates with your vehicles whilst dropping off or picking up.

## Sickness Absence

This is a polite reminder, that if your child has either vomited or suffered with diarrhoea at home, they should remain off school until 48 hours after the last episode of either the vomiting or diarrhoea, as per our sickness guidelines. This is to eliminate the spread of illnesses across the school. If children suffer vomiting or diarrhoea at school, parents and carers will be immediately contacted and asked to collect their children as soon as possible. Thank you for your continued help in this matter.

## Online Safety Newsletter and Resources
