

Action Plan	Title	.Curriculum area: Music	
What will be different for children (emphasise learning & achievement)	<ul style="list-style-type: none">• Good links made with community – singing in care homes, West Bridgford light switch on and NHS choir competition (received Gold award)• Music in our school has been transformed – the current Year 6 cohort are a product of the bespoke music curriculum that runs throughout our school. The majority of their knowledge is mainly greater depth. For example their performance ability when performing ‘Mamma Mia’ at the Summer performance demonstrated their high ability across the board.• Music concerts were a great success and the new format worked well (mini concerts performed in instrumental groups). This allowed for children to have more time to perform in a more informal setting and feedback from parents was good.• Trained tick box assessment method with Year 1 and Year 5 – this was unsuccessful and not sustainable. Different assessment method to be trailed this year (Flashback 5).
